Loadmaster aluminum tandem axle trailer

Broker's Comments:

A great deal on an entry-level cabin cruiser with all the basics required for family fun on the water at an affordable price point. This Fiesta Vee 250 is a mid-cabin layout with a surprisingly roomy main cabin that includes a small galley area with everything needed to whip up a simple meal on the go. The forward dinette has plenty of natural lighting and converts easily to a large double berth. Powered by a single Mercruiser engine and outdrive, it will get you where you want to go reliably, and without a huge fuel bill. The package includes a aluminum tandem-axle trailer and a 2021 survey is available for review with an accepted offer in place.

"Wakey Wakey" is located on southern Georgian Bay in Victoria Harbour, Ontario. Please call ahead for a viewing appointment.
