10' Zodiac soft bottom dinghy w/9.9 Mercury Motor
Weaver davits and stand-off brackets

The Mariner boasts a **large cockpit** with a wide transom door, leading to full size glass sliding doors with screens into a very spacious cabin that is all on one level.

The **widest 360° walk-around available** provides easy access to forward decks for locking and docking.

A **HUGE flybridge** accessed from both port and starboard sides, gives the Mariner all the advantages of any Bridge boat, but her low profile makes her much easier to handle than most. There is seating for many, a table and plenty of storage. This Mariner is fully equipped with a generator, heating and air conditioning, an all chain windlass and dinghy with motor!
