Contemporary Styling, Luxury and Convenience

The 1989 Carver 3467 offers a spacious, open style interior laid out on a very rare single-level floorplan.

The bridge is exceptionally well configured with loads of seating and a unique walk-through to the foredeck. The aft cockpit has plenty of room for a table and chairs with convenient molded-step access to the swim platform from either side. This 34 Santego is in very clean condition and comes with dockage and winter storage paid through April 1, 2024.
