The Trojan Tri-Cabin is a very comfortable cruiser, offering excellent space and storage for family cruising or entertaining. The 2 private staterooms, 2 private heads and a very comfortable salon with big windows, are some of the reasons this boat has remained so popular for so many years. The cockpit provides very easy access to a large bridge with seating and entertaining area for many. A molded/built-in seat on the forward deck provides a safe place to relax in the sun.
