Gasoline fume detector

Foredeck sun pad

Existing safety and mooring equipment

Galvanized tandem axle trailer included

Excluding

JBL portable speaker

Four Winns 268 Vista is a good-looking, express-style cruiser with a contemporary forward-raking arch and plenty of freeboard. A generous swim platform with gated access to the cockpit makes for easy boarding. The cockpit features u-shaped seating aft and comfortable double-wide seating at the helm. Accommodations below decks include a full service galley, convertible dinette and a mid cabin double berth. The factory installed generator plus heating and air conditioning are rare finds on a boat this size. A galvanized trailer completes what amounts to a very nice, entry-level cruising package for a couple or small family, at an affordable price point.
