 Televisions: Samsung (salon), Panasonic (Forward cabin)
 TracVison satellite antenna and receiver
 All existing safety equipment
 All existing mooring equipment
 All maintenance records

Diesel-powered freshwater boat Two Staterooms, two heads, extended bridge Spacious Aft Cockpit

Manufacturer's Description:

The 4450 Express Motoryacht's distinctive combination of comfort, performance and aesthetics has revolutionized and entire class, and she continues to garner world-wide attention. This sleek, powerful yacht offers all the advantages of express-style cruising and entertaining while keeping within her elegant lines the luxurious, triple-stateroom accommodations of an aft cabin motor yacht.

Broker Comments:

Produced from 2000 through 2003, the Cruisers 4450 combines the sleek styling of an express cruiser with the comforts of an aft-cabin motor yacht. Built on a beamy modified deep-V hull (18 deg. deadrise aft) , the three-stateroom layout puts salon, galley and dinette all on the same level. The forward cabin with walk-in closet is nearly as large as the aft stateroom and all interior spaces are finished in rich cherry wood veneers. A unique whirlpool tub sits behind French doors that open to the aft stateroom. Above decks, a tiered helm and cockpit allow captain and passengers to remain in close proximity and enjoy the ride and surroundings in superb comfort.

This freshwater, diesel-powered 4450 is equipped with the optional cockpit hardtop with acrylic wing doors and a Cruiser's original equipment hydraulic swim platform (rebuilt 2025 including pistons) that provides exceptional dinghy management. Upholstery and interior finishes are in excellent condition and her exterior gelcoat has been beautifully maintained. Helm visibility is excellent and side decks are easily accessed from the cockpit and are wide enough for safe access to the foredeck. A 2021 Buchanan SAMS survey found her to be in "above average" condition overall.

Are you in love with express styling but long for aft-cabin interior space and comfort? Why not have the best of both worlds? Whether you're a dedicated express boater or an aft-cabin aficionado, you really should check-out this thoughtfully designed hybrid by Cruisers Yachts.

Recent Maintenance

2025

- Fresh bottom paint (\$2,431)
- Hydraulic swim platform and pistons rebuilt (\$15,016)
- Main engine heat exchangers repaired plus new antifreeze coolant (\$9,083)
